**Quote of the Day**

"Even if there is nothing to laugh about, laugh on credit." ~ Author Unknown

**Thought for the Day**

Your mind is a garden.
Your thoughts are the seeds.
You can grow flowers or you can grow weeds.

**Jokes of the Week**

A magician was working on a cruise ship. The audience was different each week so he did same tricks over and over. The problem was, the captain’s parrot saw all the shows and began to understand how the magician did every trick.

He started shouting in the middle of the show: 'Look, it's not the same hat. Look, he's hiding the flowers under the table. Hey, why are all the cards the ace of spades? The magician was furious but, as it was the captain’s parrot, he could do nothing. Then one day the ship sank and the magician found himself floating on a piece of wood with the parrot.

They glared at each other but said nothing. Finally, after a week, the parrot said: 'OK, I give up. Where's the boat?'

A young man who was also an avid golfer found himself with a few hours to spare one afternoon. He figured if he hurried and played very fast, he could get in nine holes before he had to head home. Just as he was about to tee off an old gentleman shuffled onto the tee and asked if he could accompany the young man as he was golfing alone. Not being able to say no, he allowed the old gent to join him.

To his surprise the old man played fairly quickly. He didn't hit the ball far, but plodded along consistently and didn’t waste much time. Finally, they reached the 9th fairway and the young man found himself with a tough shot. There was a large pine tree right in front of his ball - and directly between his ball and the green.

After several minutes of debating how to hit the shot the old man finally said, "You know, when I was your age I'd hit the ball right over that tree."

With that challenge placed before him, the youngster swung hard, hit the ball up, right smack into the top of the tree trunk and it thudded back on the ground not a foot from where it had originally lay.

The old man offered one more comment, "Of course, when I was your age that pine tree was only three feet tall."

**LEST WE FORGET**
25th Anniversary Memorial Service

On the 26th of April 1991 the Royal Australian Air force suffered the first operational loss of a P-3C Orion when the aircraft crashed into the lagoon shortly after take-off. 19 members of the crew survived the crash and were able to scramble to safety on top of the aircraft.

Sadly, flying officer Tom Henniker did not survive the accident. A plaque in his memory was dedicated in a special commemorative service conducted on Island.

The Community is invited to a memorial service on **Tuesday 26th of April**.

Time: 10:30am (Missing airman flypast will occur around 11.00am)

Location: FLGOFF Thomas Henniker memorial, located outside of the Administration Building on West Island.

Serbis Peringatan Anniversary ke 25

Pada 26hb April 1991 Royal Australian Air force menderita kerugian operasi pertama dari P-3C Orion bilamasa kapalterbang jatuh ke lagun tak lama setelah berangkat. 19 memb abdaripada krew tersebut selamat dari kecelakaan itu dan mampu berebut untuk keselamatan di atas kapalterbang.

Sayangnya, opisa terbang Tom Henniker tidak selamat dalam kecelakaan ini. Sebuah plaque dalam ingatannya dipusahkan khas dalam serbis peringatan khusus yang diadakan dipulu.

Sebuah serbis peringatan akan diadakan pada **Selasa 26hb April**.

Masa: 10:30am (Penerbangan penghormatan ‘airman’ kehilangan akan berlaku kira-kira 11.00am)

Tempat: Peringatan FLGOFF Thomas Henniker, diadakan diluar Administration Building, West Island.

INFO SESSION

Join us for a community information session regarding the Department of Fisheries research on Cocos Keeling Islands.

Wednesday 27th April 2016 - 5.00pm

Join Scott Evans from the Department of Fisheries as he updates the Community on the latest research findings in relation to giant clam stocks, gong-gong stocks and the results of the reef health monitoring program (including info on the coral mortality event in the lagoon in 12/13).

Please RSVP by no later than Wednesday 20th April 2016
Soft drinks and finger food will be supplied.
On behalf of the PKPK Committee (and especially Nek Suhanie) we would like to thank the children that performed the "Dansa Set" at the Act of Self Determination Day Celebrations last week. Over the short rehearsal time you all showed enthusiasm and commitment to learning the dances and presented an excellent, colourful display on the day. WELL DONE!

Shafeeqah Subur, Farhanah Jamal, Imnnia Hisham, Irmah Mansa, Denzel Whichello, Farhan Jamal, Musa Shakirin, Shazwan Noor.

Many thanks to the parents and grandparents that assisted in providing support and guidance with the traditional costumes. They all looked fantastic!

The PKPK committee would also like to thank the Cocos Shire Council for their ongoing support. This included the invaluable help in setting up, providing the physical resources and providing us with the use of the commercial cooking facilities for the ASSD Celebrations lunch preparation.

Thanks also to the Jukong and Sailing Club for their organisation of the ASSD Corporate Jukong Race.

Ayesha (Jan Young)
PKPK Committee Member

Thankyou to the teams who participated in the ASDD volleyball competition on the 6th of April. It was an extremely success event with 12 teams showcasing their skills and rampaging for a score on the leader board, it was delightful to watch from the sideline but it was Shamroks2 and the P&C who managed to pulled it through to the grand final with an ultimate win by the supermarket team.

Thankyou to everyone who had been involved in any ways and for making the day extra special. It was definitely a day to remember.

Special thanks also goes to the Shire of Cocos for organising the sand and to CKI Port and the Cocos Co-op for the special ferry service on the day. Not forgetting the CRC and the Tourism Association for their kind donations and a big thankyou to Ryan Breadsell for the use of his outdoor volleyball kit.

See you all again next year. To the Home Island Community 'Selamat Menyambut Hari Tiga Pilihan'

P.S Still looking for people to become a committee member so please express your interest asap.

From The HISRA Team.

Val Coleman, Snr Social Worker will visit Cocos Island Tuesday 3rd May – Saturday 7th May and is based in her office next to the Post Office. The number is 9162 7621. Please feel free to make an appointment. Pamphlets are also available in Malay.
The mahi mahi (Coryphaena spp.; there are two that co-exist at the IOTs) or common dolphinfish can be distinguished by their dazzling colours and long dorsal fins that extend almost the entire length of their bodies. Their average weight is between 7 to 13 kilograms and they rarely exceed 15 kilograms. Mahi mahi feed on flying fish, crabs and squid.

Mahi mahi only live to four or five years old. For this reason, they are among the fastest growing fish. Both male and female fish are sexually mature by 4-5 months. They spawn in warm ocean currents throughout much of the year and females may spawn 2-3 times per year, producing between 80,000 and 1,000,000 eggs per event.

Under the proposed recreational fishing rules for the Cocos (Keeling) Islands, mahi mahi’s will be included in the pelagic species bag limit of 4 fish per day. This means that a person may not take more than 4 pelagic species per day, which includes species such as wahoo, tuna, mahi mahi, billfish and barracuda.

Feel free to contact Kim Boothman, Community Education Officer for the IOTs, at any time on Kim.Boothman@fish.wa.gov.au or Work: 9203 0345 / Mobile: 0418 915 281.
Mahi mahi (Coryphaena spp.; ada dua jenis yang didapati di IOTs) atau biasanya ‘dolphinfish’ boleh dikenali dengan warnanya yang terang dan sirit besarnya yang sepanjang badannya.

Berat badan mereka kira-kira diantara 7 hingga 13 kilogram dan jarang-jarang melebihi 15 kilogram. Mahi mahi makan ikan terbang, kepiting dan sotong.

Mahi mahi hanya hidup untuk empat atau limat tahun. Bersebabkan ini, mereka diantara ikan-ikan yang paling cepat membesar.

Kedua-dua lelaki dan perempuan menjadi dewasa bila meningkat 4-5 bulan. Mereka bertelor diarus lautan hangat sepanjang tahun dan perempuannya boleh membuang telor 2-3 kali dalam setahun, menghasili diantara 80,000 dan 1,000,000 telor sekali lepas.

Menurut undang-undang pemancingan rekreasi untuk Pulu Cocos (Keeling), mahi mahi akan temasuk dalam bag limit jenis pelagic hanya 4 ikan sehari. Ini bermaksud yang seorang tidak boleh mengambil lebih daripada 4 ikan jenis pelagic dalam sehari, yang termasuk jenis-jenis seperti tengiri, tuna, mahi mahi, billfish dan barracuda.

Silahkan hubungi Kim Boothman, Community Education Officer untuk IOTs, bila-bila masa saja di Kim.Boothman@fish.wa.gov.au atau Kerjaan: 9203 0345/ Mobile: 0418 915281.
Some Criminal Offences Concerning Riding Motorbikes

Why you and any passenger must wear motor bike helmets

Every person riding on a motor bike, whether driving, or a passenger, must wear a proper protective motor bike helmet. There are 2 reasons for this.

First, if you are driving and do not wear a motor bike helmet, you commit a criminal offence. Also, if your passenger does not wear a motor bike helmet, you commit a criminal offence. Your passenger also commits a criminal offence separate to your criminal offence.

There is another very important reason for wearing a helmet. That is because falling off a motor bike, or being hit by another vehicle whilst on a motor bike can cause very serious head injuries. These can occur even where the motor bike is travelling very slowly, or stationary. The reason for laws making motor bike riders wear helmets is because of this very serious risk.

For the offences described above by you or your passenger, the Police can choose to:

- give either/both of you an infringement notice (a ticket from the Police); or
- charge either/both of you with the alleged offence.

If you/your passenger is given an infringement notice for one of these offences, the penalty is a fine of $550.00. If you pay it within the specified time, you admit the offence, but the offence does not go on your traffic record. If you as the driver pay an infringement notice for either not wearing a helmet or your passenger not wearing one, you also get 4 demerit points.

With all infringement notices however, you can choose not to pay and have the matter dealt with by the Court. Generally, you would do this only if you want to plead not guilty (tell the Court that you have a defence and are not guilty), and defend the matter at a trial, because the penalties in Court can be much higher (see paragraphs below).

If you try to defend the matter at a trial, the Court can find you not guilty, or it can find you guilty. If you are found not guilty, you get no penalty, and there is no criminal record.

If you are found guilty after a trial, see the next paragraph below for all of the consequences.

If the Police decide instead to charge you with the offence rather than give you an infringement notice the matter is listed in Court. The maximum penalty in Court if you either plead guilty (admit you are guilty to the Court) or the Court finds you guilty after a trial is a fine up to $1,200 for a first offence and up to $1,600 for a second offence. You may also have to pay Court costs. If you are the driver, you also get 4 demerit points. The offence goes on your traffic record.

Age at which children can be passengers on motor bikes

You commit an offence if you have a child under the age of 8 years as a passenger on your motor bike. The penalty if you are given an infringement notice and pay it is a fine of $100.

But if the Police decide to charge you with the offence so that the matter is listed in Court, or you choose not to pay the infringement amount and be dealt with by the Court, the maximum fine if you plead guilty or are found guilty after a trial is a fine up to $1,200 for a first offence and $1,600 for a second offence. You may also have to pay Court costs. The offence goes on your traffic record.

One passenger only on a motor bike

You are only allowed to carry one passenger on a motor bike or you commit an offence.

The penalty if you are given an infringement notice and pay it is a fine of $100.

But if you are charged with the offence so it is listed in Court, or you choose not to pay the infringement amount and be dealt with by the Court, the maximum fine if you plead guilty or are found guilty after a trial is a fine up to $1,200 for a first offence. You may also have to pay Court costs. The offence goes on your traffic record.

You get 3 demerit points whether you pay an infringement notice or you are found guilty in Court.

How you and your passenger must sit when riding a motor bike

You and your passenger must sit astride your motor bike facing forwards with your feet on the footrests. You commit a criminal offence if you or your passenger do not sit like this. Your passenger also commits a criminal offence separate to your criminal offence.

The penalty if you or the passenger are given an infringement notice and pay it is a fine of $100. If you are the driver, you get 3 demerit points.

But if either of you are charged with the offence so it is listed in Court, or either of you choose not to pay the infringement amount and be dealt with by the Court, the maximum fine if you plead guilty or are found guilty after a trial is a fine up to $1,200 for a first offence and $1,600 for a second offence. You may also have to pay Court costs. The offence goes on your traffic record. If you are the driver, you also get 3 demerit points.

Berberapa Pelanggaran Jenayah Berkenaan Membawak Motosekel

Kenapa kamu dan penumpang mesti memakai helmet motorsekel

Setiap orang yang dimotorsekel, tak kira yang memandu, atau penumpang, mesti memakai helmet motor sekel. Ada 2 sebabnya.

Pertama, kalau kamu memandu dan tidak memakai helmet motorsekel, kamu membuat pelanggaran jenayah. Dan, kalau penumpang kamu tidak memakai helmet motorsekel, kamu membuat pelanggaran jenayah. Penumpang kamu juga membuat pelanggaran jenayah yang terpisah dengan pelanggaran jenayah kamu.

Ada sebab yang sangat penting untuk memakai helmet. Ini sebab jatuh dari motorsekel, atau kalau terkena kenderaan lain bila sedang dimotorsekel akan boleh menyebabkan luka dikepala yang serius. Ia boleh berlaku walaupun motorsekel berjalal pelalan, atau berdiam saja. Alasan untuk undang-undang yang membuat orang memakai helmet motorsekel memakai helmet bersebabkan risiko yang serius ini.

Untuk pelanggaran yang diterangkan diatas oleh kamu dan penumpang, Police boleh memilih untuk:
- memberi diantara kamu/kedua-dua notis pelanggaran (tiket dari Police); atau
- menuntut diantara kamu/kedua-dua kamu dengan pelanggaran yang dinyatakan.

Kalau kamu/penumpang kamu diberi notis pelanggaran untuk salahsatu pelanggaran ini, hukumannya adalah denda $550.00. Kalau kamu membayar dalam masa yang diterangkan, kamu mengakui pelanggaran itu, pelanggaran itu tidak akan dimasukkan kedalam rekod trafik kamu. Kalau kamu sebagai driver membayar notis pelanggaran untuk tidak memakai helmet atau penumpang kamu tidak memakainya, kamu juga akan mendapati 4 demerit points.

Tetapi dengan semua notis-notis pelanggaran, kamu boleh memilih untuk tidak membayarnya dan mengemukakannya ke Court untuk menyelesaikannya. Biasanya, kamu perlu membutaunya hanya kalau kamu mau mengakui tidak bersalah (menerangkan kepada Court yang kamu ada pembelaan dan tidak bersalah), dan membeba perkara ini di trial, sebab denda di Court boleh sangat tinggi (lihat paragraf dibawah).

Kalau kamu coba untuk melawan perkara ini di trial, Court boleh mendapati kamu tidak bersalah, atau kamu terdakwa dengan pelanggaran. Kalau kamu didapati tidak bersalah, denda akan dibatalkan, dan tidak ada rekod jenayah.

Jika kamu didapati bersalah selepas trial, lihat paragraf dibawah untuk semua akibatnya.

Police memutuskan sebagai pengganti untuk mendakwa kamu dengan pelanggaran daripada memberi kamu dengan notis pelanggaran perkara yang didaftar di Court. Denda paling besar di Court kalau kamu membuat kerugian besar (mengakui kamu bersalah kepada Court) atau Court mendapati kamu salah setelah trial ialah denda hingga $1,200 untuk kesalahan pertama dan hingga $1,600 untuk kesalahan yang kedua kali. Kamu mungkin juga membayar ongkos Court. Kalau kamu driver, kamu juga mendapat 4 demerit points. Pelanggaran ini akan temasuk dalam rekod trafik kamu.

Umur dimana anak-anak boleh menjadi penumpang dimotorsekel

Kamu melakukan pelanggaran kalau kamu mempunyai anak-anak dibawa umur 8 tahun sebagai penumpang dimotorsekel kamu. Hukumannya ialah kamu diberikan notis pelanggaran dan membayar denda $100.

Tetapi Police boleh memutuskan untuk mendakwa kamu dengan pelanggaran supaya perkara ini didaftar di Court, atau kamu memilih untuk tidak membayar jumlah pelanggaran dan diurus oleh Court, denda terbesar kalau kamu mengakui bersalah atau kamu didapati bersalah selepas trial ialah denda hingga $1,200 untuk kesalahan pertama dan $1,600 untuk kesalahan kedua kali. Kamu juga mungkin harus membayar ongkos Courts. Pelanggaran ini akan temasuk dalam rekod trafik kamu.

Satu penumpang saja dimotorsekel

Kamu hanya diziizinkan untuk membawak satu penumpang dimotorsekel kalau kamu tidak kamu melakukan pelanggaran.

Hukumannya kamu diberikan notis pelanggaran dan membayar denda $100.

Tetapi kalau kamu didakwa dengan pelanggaran jadi didaftar di Court, atau kamu memilih untuk tidak membayar jumlah pelanggaran dan diurus oleh Court, denda terbesar kalau kamu mengakui bersalah atau kamu didapati bersalah selepas trial ialah denda hingga $1,200 untuk kesalahan pertama dan $1,600 untuk kesalahan kedua kali. Kamu juga mungkin harus membayar ongkos Courts. Pelanggaran ini akan temasuk dalam rekod trafik kamu.

Kamu mendapati 3 demerit points kalau kamu membayar notis pelanggaran atau didapati bersalah di Court.

Bagaimana kamu dan penumpang kamu harus duduk bila membawak motorsekel

Kamu dan penumpang kamu mesti duduk tekapang ditempat duduk dengan kaki kamu dialasan kaki. Kamu melakukan pelanggaran jenayah kalau kamu atau penumpang kamu tidak duduk sedemikian. Penumpang kamu juga melakukan pelanggaran jenayah terpisah dengan pelanggaran kamu.

Hukuman kalau kamu atau penumpang diberikan notis pelanggaran dan membayar adalah denda $100. Kalau kamu driver, kamu mendapati 3 demerit points.

Tetapi kalau salahsatu kamu didakwa dengan pelanggaran supaya didaftar di Court, atau kamu memilih untuk tidak membayar jumlah pelanggaran dan diurus oleh Court, denda terbesar kalau kamu mengakui bersalah atau kamu didapati bersalah selepas trial ialah denda hingga $1,200 untuk kesalahan pertama dan $1,600 untuk kesalahan kedua kali. Kamu juga mungkin harus membayar ongkos Courts. Pelanggaran ini akan temasuk dalam rekod trafik kamu. If you are the driver, you also get 3 demerit points.

Don't let scammers hold you to ransom!

Consumer Protection staff have been hearing even more stories lately about cyber criminals infecting computers with nasty viruses including malware and ransomware. Let's face it, it can happen to anyone. All that's required is a computer and someone who's willing to trust others – and trust is something many people living in the IOT have in abundance!

Scammers use a range of techniques. Sometimes it's a phone call - the person on the other end knows your full name, address and date of birth (often gathered from social media or even fake competition sites – a good reason to limit the information you provide online as you never know who will access it). They say they work for Microsoft and their name is 'Michael'. 'Michael' might, or might not, speak with a foreign accent and he'll ask for remote access to your computer suggesting you've downloaded a virus which he needs to clear.

Instead of solving a problem, 'Michael' is more likely to give you one. He might download malicious software (often called malware) onto your computer and demand you pay him to remove it! Or he might say nothing at all, instead leaving the malware in place to record your keystrokes and identify passwords to potentially access your bank/credit union and a range of your other accounts.

Scammers don't even need to speak to you in person. By doing something as simple as clicking on an email attachment sent by a sender you don't recognise you could be downloading ransomware onto your machine. Ransomware has the capacity to lock your computer by installing a password that you don't know, with the scammer demanding 'ransom' to unlock it. A number of businesses in Perth have found themselves the victim of ransomware when they clicked on an invoice email attachment only to find their computer locked and an ominous looking 'clock' counting down on the screen to show them how long they have to respond.

It sounds dreadful, but it doesn’t need to be. If you think something looks or sounds strange and could be a computer scam call us on 1300 30 40 54, or visit www.scamnet.wa.gov.au to check out the latest computer (and other) scams, find out what to look for, and the remedies available if you find you have unfortunately been caught.

Consumer Protection has also launched a Facebook page for the IOT which will be regularly updated with information on the latest scams and other consumer issues that are likely to be of interest to CKI. To keep up to date ‘like’ us on www.facebook.com/consumerIOT, or if you have any particular consumer issue you’d like to discuss email me at joan.susinetti@commerce.wa.gov.au

Jangan biarkan penipu memegang anda untuk tebusan!

Pekerja Consumer Protection telah mendengar cerita yang menambah tentang jenis cyber menipu komputer dengan virus-virus yang teruk termasuk malware dan ransomware. Mari kita hadapi, ini boleh berlaku kepada siapa saja. Hanya yang disusup adalah komputer dan seorang yang sangat percaya kepada orang lain - dan kepercayaan adalah sesuatu yang banyak orang di IOT yang mempunyakan!

Scammers menggunakan berbagai teknik. Kadang-kadang hanya talipun - orang dihujung sebelah mengetahui nama penoh, alamat dan hari lahir (biasanya dikumpul dari social media atau site petandingan yang menipu - alasan yang bagus untuk membatasi informasi yang kamu berikan online olehkerana kamu tidak akan tahu siapa yang akan aksesnya). Mereka bilang mereka kerja untuk Microsoft dan nama mereka 'Michael'. 'Michael' mungkin, atau tidak, bicara dengan loghat asing dan dia akan meminta untuk akses komputer kamu secara remote dan menerangkan yang kamu download virus yang perlu dibersihkan.

Daripada penyesalan masaalah, 'Michael' lebih mungkin memberikan masaalah. Dia mungkin download software yang teruk (biasa dipanggil malware) di komputer kamu dan menuntut kamu untuk membayar dia untuk dia menyambutnya! Atau dia mungkin tidak berbilang apaa, malahan meninggalkan software untuk rekod keystokes kamu dan menerangkan password untuk bernakcuman akses bank/credit union kamu dan berbagai acaun lain.

Scammers tidak perlu bicara dengan kamu. Dengan membuat sesuatu yang mudah saja seperti klik email attachment yang dihantar daripada orang yang tidak kamu kenal, kamu boleh download ransomware ke mesin kamu. Ransomware adalah kebolehan untuk lock komputer kamu dengan menipakan password yang kamu tidak tau, dengan scammers menuntut kamu untuk membuka lock itu. Berberapa bisnis-bisnis di Perth telah mendapat diri mereka mangsa ransomware bilan mereka membuka invoice yang di email attachment dan yang terdapat dalamnya sesuatu yang lock komputa mereka dan menunjukkan jam menghitung mundur di skrin untuk menunjukkan mereka berapa lama mereka ada yang menawab.

Kedengarannya mengerikan, tapi itu tidak semestinya. Kalau kamu berpikir sesuatu yang terlihat atau terdengar aneh dan bisa menjadi penipuan komputa, hubungi kami di 1300 30 40 54, atau lawati www.scamnet.wa.gov.au untuk memeriksa tipuan komputa yang baru-baru (tipuan lain), cari apa yang perlu ditandakan, dan o check out the latest computer (and other) scams, find out what to look for, dan obat yang tersedia kalau kamu terperangkap.

Consumer Protection juga telah menyampaikan halaman Facebook untuk IOT yang akan sering dibarukan dengan keterangan-keterangan tentang scams (penipuan) yang baru-baru dan perkara-perkara pelanganan yang mungkin ada yang bermintak di CKI. Untuk senantiasa sering berpengetahuan ‘like’ kami di www.facebook.com/consumerIOT, atau kalau kamu mempunyai perkara pelanganan yang tertentu yang kamu ingin bicarakannya, email saya di joan.susinetti@commerce.wa.gov.au
A little about Diabetes...

The object is to insert the numbers in the boxes to satisfy only one condition: each row, column and group of squares enclosed by the bold lines must contain the digits 1 through 9 exactly once.

The rules for different size and shape puzzles are pretty much identical. The different size puzzles simply require a different set of numbers.
