Manager Works & Services

The Cocos (Keeling) Islands Shire Council is one of a few proud recipients for The Keep Australia Beautiful, Beverage Container Recycling Grants 2015, funded by The Coca Cola Foundation and Coca-Cola South Pacific.

The grant provides financial support to community groups and organisations enabling to improve awareness of recycling and provide greater access to public and private recycling infrastructure. Funds up to \$5,000 incl. GST had been made available for this years program, however larger projects would be considered based upon their outcomes.

The Shire has been granted **\$13,700** for our at home recycling project. Funds will be put towards the purchase of **492 units of 28Litre Billi Box Recycling Bins**. Three of these bins labelled to duplicate the current shared recycling stations will be distributed to each individual house throughout our community.

Our aim for this project is focusing and building greater education about the importance of recycling, emphasising that it starts at home. In the past 5 years more than \$2 million dollars has been invested in local community projects that demonstrate a measurable result in diverting beverage containers out of landfill, through increased recycling at local level.

Cocos (Keeling) Islands Shire Council ialah satu daripada berberapa penerima yang bangga untuk menerima 'The Keep Australia Beautiful, Beverage Container Recycling Grants 2015', dengan duit bantuan oleh The Coca Cola Foundation dan Coca-Cola South Pacific.

Duit bantuan ini memberikan bantuan kepada kumpulan masyarakat dan organisasi untuk memberbaiki kesedaran tentang recycling dan memberi akses yang lebih baik kepada infrastruktur recycling masyarakat umum dan juga peribadi. Duit bantuan hingga \$5,000 termasuk GST telah disediakan untuk program tahun ini, tetapi projek-projek besar akan dipertimbangkan berdasarkan penghasilannya.

Shire telah diberikan \$13,700 untuk projeknya 'recycling dirumah'. Duit bantuan ini akan digunakan untuk membeli 492 unit, 28Litre Billi Box Recycling Bins. Tiga bin tersebut akan dinamakan sama dengan station recycling yang sekarang dan akan dibagi kepada setiap rumah dimasyarakat.

Tujuan untuk projek ini ialah untuk memberi perhatian dan melebihkan pengajaran tentang kepentingan recycling, dan memberi petunjuk yang ianya bermula daripada rumah kita sendiri. Dalam 5 tahun yang lepas ini lebih daripada \$2 juta dollar digunakan dalam projek-projek masyarakat yang menunjukkan hasil yang berhitungan dalam mempisahkan container/botol ayer daripada ditanam, melalui recycling secara tempatan.

Jokes of the Week

Boss Headache

My daughter came home from school one day complaining of stomach pains. I told her maybe its empty, so put something in it. Later that evening my boss came by to pick something up and complained about having a headache. My daughter was standing there and told him, "that's because its empty, try putting something in it."

Shredding Machine

I just passed the bar exam, when I got hired by a small lawyers firm. The first day I started working I figured I'll make a good impression and stay a little late. As I was leaving, I met one of the partners standing in front of the shredding machine muttering to himself. I asked him, "Can be of help?" He replied that the secretary is gone for the day and he has this sensitive document and can't get the machine to work! I said, "No problem, let me show you how it works!" We put the paper in and as it's feeding the machine he turns to me and says, "Thanks so much, all I need is one copy!"

The Absent Minded Professor

The absentminded professor arrived at the emergency ward with both of his ears badly burned. "How did it happen?" asked the doctor. "I was ironing my shirt," explained the professor, "when the phone rang I answered the iron by mistake." "What about the other ear." "That happened when I called the ambulance."

Green Living Tips

Inexpensive Ways to Go Green

- Your computer may go to sleep, but it's still sucking up energy. Turn your computer off at the end of the day
- Clean your refrigerator coils — vacuum out the dust and wipe with a damp cloth.
- Buy rechargeable batteries.
- Use cloth napkins instead of paper napkins at dinner.
- Donate old newspapers to animal shelters and take your plastic shopping bags back to participating grocery stores. Better yet, purchase cloth or canvas grocery bags and skip that part altogether.
- Take your own mug to the coffee shop — some shops will even give you a discount for bringing your own cup
- Start a compost pile in your backyard.
- Pick up litter as you're walking around.
- Use compact fluorescent, LED or halogen bulbs instead of conventional incandescents.
- Pay your bills online (and opt for paperless billing) to reduce paper usage and postage costs.
- Invest in a roasting pan instead of using disposable ones
- Make a resolution to be even more eco-friendly next year!

Identity Theft – it's important to protect yourself

Your identity is extremely valuable. You will use it to get a bank loan, buy things online, obtain a passport, or get a driver's licence. In fact, your identity is so valuable there are people out there willing to steal it!

Identity theft (sometimes called ID theft, ID fraud, or identity fraud) happens when someone steals or uses the identity of someone else (living or dead). It's illegal and can happen to anyone – and often does.

In fact, identity theft is one of Australia's most common crimes. Around 750,000 to 937,000 Australian's lose money through identity theft each year – more than any other theft including assault, robbery, break-ins and stealing motor vehicles.

Australian police charge about 550 people a week with identity crimes and each year around 24,000 offenders are found guilty in a court of law.

Identity fraud is big business. Although most victims lose under \$1,000 some lose considerably more. Losing money is one thing, but victims also lose valuable time and it can affect their mental or physical health, reputation or general wellbeing.

How can I prevent identity theft?

Here are 10 security tips that can help:

1. Be careful using social media (Facebook etc.). Avoid giving out personal information like your birth date, address, drivers licence number etc.
2. Keep your computers anti-virus and firewall software up-to-date. Always use security software and strong passwords and avoid using public computers for sensitive activities.
3. If you don't know and trust the sender of an email or SMS don't click on any links. Instead, type details into the address bar of your browser and use a phone directory for the number.
4. Learn how to avoid common scams by visiting www.scamnet.wa.gov.au.
5. Think carefully before giving your personal information over the internet or phone.
6. Don't provide your PIN or Internet banking login or password to anyone.
7. Lock up your personal documents at home and when travelling. Shred old documents.
8. Put a lock on your mailbox - and when you move, redirect your mail.
9. If you get a bill for goods and services that you haven't ordered - investigate it fast.
10. Carefully check your bank statement and investigate missing mail. Report anything strange.

What should I do if I think my identity has been stolen?

Identity theft is serious. Always alert the authorities if you suspect your details have been stolen or are being misused.

Report any suspected crime. - For a loss of property, contact the AFP Police on the Island or other relevant police if the theft happens off Island. If you lose information online report the matter to the Australian Cybercrime Online Reporting Network (ACORN) at www.acorn.gov.au. Ask for a copy of the police or ACORN report - banks and financial institutions often want to see it.

1. **Contact your bank or financial institution** - Tell your bank or credit provider what has happened. If any accounts have been opened with your stolen details, ask for them to be closed or cancelled. You may need to ask them to set you up new accounts and PINs.
2. **Inform the relevant government agency or business** - If your driver's licence, passport, citizenship papers, Medicare card, birth, marriage and change of name certificates, tax file number, superannuation or pension details have been stolen, let the relevant agency know. Also, if financial documents or investment documents are taken, alert your stock broker, financial planner or fund manager.
3. **Get a copy of your credit report** - Tell the credit reporting agency that you have been a victim of identity theft so they can make a note in your file. Check your credit report to see what companies have checked your credit history recently, and let them know not to authorise any new accounts in your name. Get a copy of your credit report from one of these reporting agencies:

www.mycreditfile.com.au (VEDA)

www.checkyourcredit.com.au (Dun and Bradstreet)

Get help from iDcare - (www.idcare.org) iDcare is a free government industry service which works with you to develop a plan of action to reduce the risk and impact of identity fraud.

If you would like further information on identity theft or a consumer protection matter generally don't hesitate to call 1300 30 40 54 or email joan.susinetti@commerce.wa.gov.au

Pencurikan Identiti - pentingnya untuk menjaga diri

Identity kamu adalah sangat berharga. Kamu akan menggunakan untuk mendapatkan loan, beli barang-barang online, mendapatkan passport, atau lesen driver. Sebenarnya, identity kamu itu sangat berharga hingga ada yang mau curi!

Pencurikan Identiti (kadangkala dipanggil 'ID theft', 'ID fraud', atau 'identity fraud') berlaku bila seseorang mencuri ataupun menggunakan identity orang lain (hidup ataupun mati). Ini menyalahi undang-undang dan boleh berlaku kepada siapa saja - dan biasanya terjadi.

Sebenarnya, pencurikan identity adalah salahsatu jenayah yang sering berlaku di Australia. Kira-kira 750,000 hingga 937,000 Australian hilang duit melalui pencurikan identity setiap tahun - lebih daripada jenis pencurikan lain termasuk serangan, pencurikan harta, pembongkaran dan pencurian kereta.

Australian police mendakwa kira-kira 550 orang setiap minggu dengan kesalahan identity dan setiap tahun kira-kira 24,000 pesalah didapati bersalah dalam mahkamah.

Penipuan Identiti adalah bisnis besar. Walaupun kebanyakkan yang kehilangan \$1,000 dibawa, ada yang hilang berlebihan. Hilang duit satu perkara, tetapi mangsa juga kehilangan masa yang berharga dan ia boleh menyebabkan ancaman terhadap kesihatan mental ataupun fizikal, nama baik ataupun keadaan hidup biasa.

Bagaimana boleh saya mengelakkan pencurikan identiti?

Disini adalah 10 nasihat keselamatan yang boleh membantu:

1. Hati-hati bila menggunakan social media (Facebook dan sebagainya.). Elak daripada memberi keterangan peribadi seperti hari lahir, alamat, nomor lesen driver dan sebagainya.
2. Pastikan anti-virus dan firewall software dikomputa kamu yang paling terkini. Selalu gunakan security software dan password yang kuat dan elakkan menggunakan komputa umum untuk aktiviti yang sensitif.
3. Kalau tidak tahu dan tidak percaya kepada pengirim email atau SMS jangan klik 'links' yang diberi. Selainnya, type keterangan itu dalam bar alamat dalam browser dan gunakan direktori talipun untuk nomor itu.
4. Belajar bagaimana untuk mengelak tipuan biasa dengan melawat laman web www.scamnet.wa.gov.au.
5. Fikir baik-baik sebelum memberi keterangan peribadi melalui internet atau talipun.
6. Jangan memberi PIN kamu atau login atau password untuk internet banking kepada sesiapapun.
7. Kunci semua dokumen-dokumen peribadi di rumah dan bila bercuti. Koyakkan dokumen-dokumen lama.
8. Pasang lok ditempat surat kamu - dan bila mengaleh rumah, gantikan alamat surat-menjurat.
9. Kalau menerima bill untuk barang-barang atau serbis-serbis yang kamu tidak order - selidik secepat mungkin.
10. Baik-baik periksa statmen bank kamu dan selidik mail yang hilang. Laporkan segalah yang aneh.

Apa yang saya harus lakukan kalau saya rasa identity saya dicuri?

Pencurikan identity adalah serious. Selalu laporkan kepada pihak berkenaan kalau rasa keterangan kamu telah dicuri atau salah dipergunakan.

Laporkan jenayah yang disangkah. - Jika hilang harta, hubungi AFP Police dipulu atau police lain jika pencurikan itu terjadi diluar pulu. Jika kamu hilang informasi online laporkan perkara itu kepada Australian Cybercrime Online Reporting Network (ACORN) di www.acorn.gov.au. Tanya salinan daripada police atau lapor ACORN - bank dan pihak keuangan sering ingin melihatnya.

1. **Hubungi bank atau pihak keuangan kamu** - Beritahu bank atau pemberi kredit kamu apa yang berlaku. Kalau ada akaun yang telah dibuka atau keterangan kamu dicuri, bilang kepada mereka untuk tutup atau kansel. Kamu juga boleh mintak mereka membuat akaun dan PIN baru.
2. **Beritahu ajensi kerajaan atau bisnis yang berkenaan** - Kalau lesen driver, passport, surat citizenship, medicare card, surat lahir, perkahwinan dan surat tukar nama, tax file number, superannuation atau keterangan pension kamu telah di curi, beritahu kepada ajensi yang berkenaan. Dan juga, kalau surat-surat keuangan atau investment diambil, beritahu stock broker, financial planner atau pengurusи keuangan kamu.
3. **Dapatkan salinan laporan kredit kamu** - Beritahu ajensi ini yang kamu telah menjadi mangsa pencurikan identity Jadi mereka boleh membuat nota dalam file kamu. Periksa laporan kredit kamu untuk melihat kompani mana telah memeriksa sejarah kredit kamu, beritahu mereka jangan sahkan akaun lain dibawa nama kamu. Dapatkan salinan laporan kredit kamu dari ajensi:

www.mycreditfile.com.au (VEDA)

www.checkyourcredit.com.au (Dun and Bradstreet)

Dapatkan bantuan daripada IDcare - (www.idcare.org) iDcare adalah serbis gratis bidang kerajaan yang bekerja dengan kamu untuk membuat rencana tindakan untuk mengurangkan risiko dan hasilan penipuan identity.

Jika kamu ingin keterangan selanjutnya berkenaan pencurikan identity atau perkara biasa tentang perlindungan sebagai pengguna, silahkan 1300 30 40 54 atau email joan.susinetti@commerce.wa.gov.au

Healthy Living Tips

Tips to help you live a healthier life.

1. **Stretch!** Morning is best for an energizing yoga-based workout that includes forward bends, reaching for the ceiling and push-ups. It helps focus the mind and provides an adrenaline boost.

2. **Take 10,000 steps.** Walking elevates your mood, challenges your heart (the best way to keep it fit) and can even help reduce food cravings.

3. **Floss.** Taking care of your teeth and gums is not only good for your mouth: Unloved gums can spread bacteria to the bloodstream and lead to inflammation and heart disease.

4. **Not a fish fan? Get omega-3s from plants.** The fatty acids found in cold-water fish like salmon, mackerel and herring help maintain optimal levels of HDL (good) cholesterol, and lower LDL ("bad") cholesterol. But if you're not a fish eater, pop an algae-based omega-3 supplement that contains the same omegas as fish oil.

5. **Drink filtered tap water.** Drink cold water—it quenches thirst, helps you feel full and keeps your body operating at full capacity.

6. **Break your multivitamin in half.** To get a steady supply of vitamins and minerals all day, take one-half of a multivitamin with breakfast and the other with dinner. Don't take them right before bed—the B vitamins can disrupt your sleep. If your multivitamin has less than 1,000 IU of vitamin D, take a D supplement as well—and read the label carefully to make sure it's D3, the most easily absorbed form.

7. **Kick the sugar habit.** White sugar and high-fructose corn syrup have almost no nutritional value, and over-consuming them increases your risk of obesity, heart disease and even depression.

8. **Make television work for you.** If you're going to flip on the TV, you should exercise while you watch. Eg walk on a treadmill while enjoying a TV show, but working out with light (three-pound) dumbbells or even walking in place is better than simply sitting.

9. **Take a nap.** Getting less than seven hours' sleep at night triggers higher levels of the stress hormone cortisol, which can lead to weight gain and depression.

10. **Do Good!** "One of the best ways to fight stress in your life is to do something good for someone else—an act of love or generosity."

11. **Bonus!** Get the Tests You Need. Give yourself an unusual present on your 50th birthday: a colonoscopy! It may just save your life.

More tips in next edition...

Well done, great effort, keep up with the exercise, you know it's worth it!

5 August 2015

A great turn out last night to watch yet another close final. The two newcomers to tennis this season Emma and Matt L came out victors - a great start to their Cocos tennis careers!!! For those of you who weren't there the Final ended with one point difference - the Frigates finishing on 15 and the Fire Ants finishing on 14. Congratulations Winners - Jamil (last few rounds and final played by Jimmy), Matt L, Fiona, and Emma on your win.

The courts looked sensational thanks to 4-5 days of gruelling and thankless work by Jimmy and Jason with helpers dropping in such as Josh, Aaron, Ian Evans, Rohan, Kerry and even Bridget did some sweeping. Combined with the new nets thanks to the Shire's grants program the courts looked better than they have in years!

A special thanks also to Island Petroleum (Helen & Geoff Bennett) for sponsorship for new balls for the year and to Neville from Williams Meats for once again providing and donating great quality prizes and meat for our bbq.

Stay tuned for options for a shortened format to get us through to the next school holidays (there is not enough time to conduct a full season without it going over into next term). I will also be looking for helpers for the activity that the tennis club is to host as part of the Cocos Olympics.

Kind Regards,

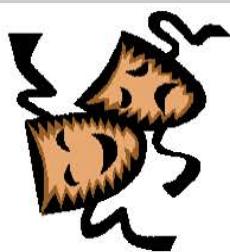

Amber

July weather for monthly summary

This July was a very dry month with 51.4mm falling. This is less than a quarter of the average of 215mm. It was the least amount in July since 2007 with 49mm falling then.

One factor in the lack of rain is there is a strong El Nino developing in the Pacific Ocean. The last time we had as strong an El Nino was in 1997 and that year Cocos had about 50mm for July as well. It is not the only thing responsible for our rainfall but it will be interesting to see what happens in the next few months.

Towards the end of the month, we had 4 or 5 days that felt like they should have been in January in the doldrums and not windy July. I know quite a few took advantage of the conditions and had a lot of fun out on the water.

Sudoku Station

How do I do it?

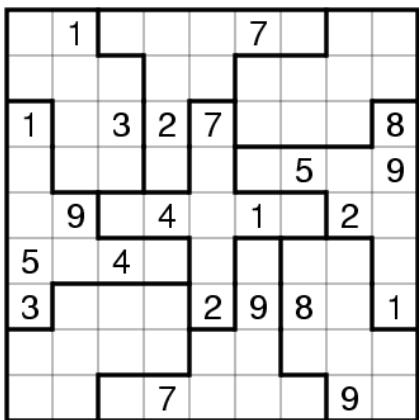

The object is to insert the numbers in the boxes to satisfy only one condition: each row, column and group of squares enclosed by the bold lines must contain the digits 1 through 9 exactly once.

The rules for different size and shape puzzles are pretty much identical. The different size puzzles simply require a different set of numbers.
