POSITION VACANT**CASUAL SUPPORT OFFICER**

The Cocos (Keeling) Islands Community Resource Centre Committee is seeking an enthusiastic, hard-working person for the casual position of Support Officer.

The successful applicant will be required to work two days per week (12 hours/week) and also assist in coverage of staff leave and illness and some Saturday's.

Knowledge in computer programs such as Microsoft Office, Microsoft Publisher and MYOB is preferable, but not essential.

The position will commence 17th August 2015, with work days to be negotiated.

A position description can be obtained from the Community Resource Centre on West Island, or for further information please contact Kelly Edwards on 9162 7707.

Applications must be made in writing, addressing the position objectives and selection criteria and marked confidential to:

Chairperson,
Cocos (Keeling) Islands Community Resource Centre
PO Box 1039,
Cocos (Keeling) Islands 6799

The closing date for applications is 3.00pm Friday 7th August 2015.

MOSQUITOES AND HEAVY RAIN

After heavy rains in the Cocos area extensive breeding areas were established for nuisance insects, especially the mosquitoes.

Mosquito breeding habitats caused by heavy rain can include vast areas of temporary surface ground water, pools along receding river plains, natural or man made containers and overflow and pooling of storm and waste water or in sewerage ponds.

Mosquito populations will fluctuate from year to year, as well as seasonally but for the area of Cocos the main source of mosquito breeding occurs in septic tanks, containers, pot plants, fish ponds and even gutters that hold water. A mosquito must have water to breed, if you remove the water the mosquito cannot breed.

There are several ways to approach mosquito control by direct interventions including the removal of breeding habitats by physical modification, the introduction of biological controls (e.g. predatory fish) or the application of insecticides.

Around your house the container or back yard breeders can be controlled by picking up containers from around your property, clean gutters so they don't hold water, sealing septic tanks or have them de-commissioned and place mosquito proof cowls on vent pipes and circulating the water in your fish pond or introducing predatory fish..

To prevent human to mosquito contact make sure the windows of your house have fly screens fitted, avoid being outside early in the morning or early evening when the mosquito is most active, cover up outside and use mosquito repellent. Personal repellents should contain DEET or Picaridin as these products offer the best protection from attacking mosquitoes.

FRESH RAIN FRESH MOSQUITOES

Recent rain has released millions of fresh larvae into the many water holes, containers holding water and pot plant holders, so be aware that the biting female mosquito will be searching for a blood meal to start the breeding cycle.

"To prevent human to mosquito contact make sure the windows of your house have fly screens fitted, avoid being outside early in the morning or early evening when the mosquito is most active, cover up outside and use mosquito repellent. Personal repellents should contain DEET or Picaridin as these products offer the best protection from attacking mosquitoes"

DO YOU HAVE AN OLD SEPTIC SYSTEM ON YOUR PROPERTY

The Shire of Cocos (Keeling) Islands would like to advise the residents of Cocos that old septic tanks are one of the major breed locations for mosquitoes, therefore if you still have an old septic tank on your property you are requested to contact the Shire and the Shire will assist you in having the septic tank de-commissioned.

The de-commissioning of a septic tank involves removing the lids then breaking up the concrete base and then filling the old tanks with clean fill.

Quote of the Day

'Manners are a sensitive awareness of the feelings of others. If you have that awareness, you have good manners, no matter which fork you use.' ~ Emily Post

Thought for the Day

'Each of us is called to do something in the name of love, to make sure that humanity comes to understand itself and is able to choose love over fear.' ~ Robert Holden

Jokes of the Week

Keep Your Mouth Open

As my wife and I were driving our teenaged daughter to the hospital where she was scheduled to undergo a tonsillectomy, they discussed how the procedure would be performed.

"Dad" the teenager asked, "how are they going to get me to keep my mouth open the whole time?"

I looked through the rear view mirror and chuckled, "They're going to give you a phone."

Ouch! That hurts!

Little Jackie complained non-stop from pain. His desperate mother took him to see his doctor.

"What is hurting him?" the doctor asked her.

"Just help him," she replied, "he hurts all over!"

"What do you mean, all over?" asked the doctor, "be a little more specific."

The women touched her son's left knee with his index finger and her son yelled, "Ow, that hurts!"

Then she touched his right eye and again he yelled, "Ouch! That hurts, too."

Then she touched his nose with his finger and again he cried in pain.

The doctor thought for a moment and told the poor mother her little son's diagnosis, "he has a broken finger!"

Adjustments to Residential / Small Business Prices and Plans

Effective August 1st 2015 **Overage Charges for Residential and Small Business Plans** will commence.

DO You Download Large Files?

If YES, then this will affect you.

The current \$79 Residential Plan has had a 3GB quota, after which bandwidth was throttled/reduced. This has not been enforced for some months now (since March). Unfortunately users habits have meant that the 'all you can eat' freedom is now unsustainable.

The **good news** is that the base cost for the Residential Plan has been reduced from \$79 to \$69 and the quota has increased from 3GB to 10GB. Also there will be no more bandwidth throttling on any account.

Off Peak Complimentary Data will be available. This means that during these hours (1AM to 5AM) data usage will not be counted in your monthly quota. Users should schedule large downloads such as updates and patches between these hours.

To ensure that subscribers are on the plan that represents the best value (based on their usage), IOTT has implemented the following rules:

- once a subscriber on the Residential 10GB Plan uses more than 10GB, they are automatically moved to the Residential/Small Business 20GB Plan
- once a subscriber on the Residential/Small Business 20GB Plan uses more than 45GB, they are automatically moved to the Business 50GB Plan

If you do not wish to IOTT to move you to a different plan, please contact support (support@cki.cc). Please be aware that higher overage fees will be incurred if you stay on a plan with a lower quota.

Please check your usage at:

<https://isp.iott.cc>

Your Username is typically your email address. If you cannot access your account please email (support@cki.cc) or call 9162 7715 for assistance.

NB. For Residential accounts a quota of 25GB has been set for July. No overage charges will apply but speeds will be reduced once reached.

Indian Ocean Territories Telecom Pty Ltd

ACN 103 467 787

Tel +61 8 9182 7715

support@io-cc.com

New Plans effective August 1st are as follows:

Residential 10GB Plan

- Cost **\$69** per month
- Speed 512Kbps download / 128Kbps upload
- **Quota 10GB** data (combined upload and download)
- **Overage** Data Costs \$1 per each 100MB over 10GB (\$10 per GB)
- **Off Peak Complimentary Data 1AM to 5AM** (to allow user to get security updates and patch their computers, these can generally be scheduled)

Residential / Small Business 20GB Plan

- Cost **\$109** per month
- Speed 512Kbps download / 128Kbps upload
- **Quota 20GB** data (combined upload and download)
- **Overage** Data Costs \$1 per each 100MB over 20GB (\$10 per GB)
- **Off Peak Complimentary Data 1AM to 5AM** (to allow user to get security updates and patch their computers, these can generally be scheduled)

Business 50GB Plan

- Cost **\$350** per month
- Speed 768Kbps download / 256Kbps upload (burst to 1024/512Kbps)
- **Quota 50GB** data (combined upload and download)
- **Overage** \$0.75 per each 100MB over 50 GB (\$7.50 per GB)
- **Off Peak Complimentary Data 1AM to 5AM** (to allow user to get security updates and patch their computers, these can generally be scheduled)

Penyesuaian Harga dan Plan pada Residential / Bisnis Kecil

Mulai 1hb August 2015, Chas Purata Pernilalan pada Plan Residential dan Bisnis Kecil akan di kemukakan.

JANGAN Anda Turun Fail Besar?

Jika YA, maka ini akan memberi kesan kepada anda.

Yang sekarang ini Plan Residential yang \$79 ada kuota sebanyak 3GB, di mana selepas itu sudah sampai tahap habis / di kurangkan. Ini tidak dapat di kuatkan selama beberapa bulan (sejak March). Oleh sebab kebiasaan pengguna secara habis-habisan, kebiasaan ini bererti tidak mempan lagi untuk di teruskan.

Berita baik nya adalah asas kos untuk Residential Plan telah di kurangkan dari \$79 sampai \$69 dan kuota di tambah dari 3GB sampai 10GB. Tidak akan ada lagi guna bandwidth habis-habisan pada mana-mana akoun.

Juga akan di adakan **data Off Peak secara percuma**. Ini bererti dalam masa jam ini (1 pagi sampai 5 pagi) gunaan data tidak di kira dalam kuota bulanan. Pengguna patut menjadualkan download yang besar seperti updates dan patches di antara jam ini.

Untuk memastikan pelanggan mendapatkan yang terbaik (mengikut penggunaan) IOTT mengadakan pelaturan seperti yang berikut:

- Apa bila pelanggan yang ada di Residential 10GB Plan menggunakan lebih dari pada 10GB, secara automatik akan di pindahkan pada Residential/Bisnis Kecil 20GB Plan.
- Apa bila pelanggan yang ada di Residential/Bisnis Kecil 20GB Plan menggunakan lebih daripada 45GB, secara automatic akan di pindahkan pada Bisnis 50GB Plan

Sekiranya tidak mahu IOTT pindahkan pada plan lain, sila hubungi kami di (support@cki.cc). Tolong ambil perhatian bayaran lebih tinggi kemungkinan akan di chas sekiranya tetap pada plan dengan kuota yang lebih rendah.

Sila check penggunaan di:

<https://isp.iott.cc>

Nama Username biasanya email address. Sekiranya tidak boleh masuk di akoun sila hubungi kami di email (support@cki.cc) atau talipun 9162 7715 untuk bantuan.

Untuk akoun Residential kuota 25GB sudah di set untuk bulan July. Bayaran purata tidak akan di chas tapi kelajuannya akan di kurangkan bila sampai di tahap nya.

Indian Ocean Territories Telecom Pty Ltd

ACN 103 467 787

Tel +61 8 9182 7715

support@io-telecom.com.au

Plan Baru mulai daripada 1hb August seperti yang berikut:

Residential 10GB Plan

- Kos **\$69** sebulan
- Kelajuan 512Kbps download / 128Kbps upload
- **Kuota 10GB** data (campur upload dan download)
- **Kos data Purata** \$1 untuk bagi setiap 100MB lebih 10GB (\$10 setiap GB)
- **Data Off Peak Secara Percuma 1 Pagi sampai 5 Pagi** (Penguna boleh menjadualkan download yang besar seperti updates dan patches untuk computer)

Residential / Bisnis Kecil 20GB Plan

- Kos **\$109** sebulan
- Kelajuan 512Kbps download / 128Kbps upload
- **Kuota 20GB** data (campur upload dan download)
- **Kos data Purata** \$1 untuk bagi setiap 100MB lebih 20GB (\$10 setiap GB)
- **Data Off Peak Secara Percuma 1 Pagi sampai 5 Pagi** (Penguna boleh menjadualkan download yang besar seperti updates dan patches untuk computer)

Bisnis 50GB Plan

- Kos **\$350** sebulan
- Kelajuan 768Kbps download / 256Kbps upload (sampai tahap 1024/512Kbps)
- **Kuota 50GB** data (campur upload dan download)
- **Kos data Purata** \$0.75 untuk bagi setiap 100MB lebih 50GB (\$7.50 setiap GB)
- **Data Off Peak Secara Percuma 1 Pagi sampai 5 Pagi** (Penguna boleh menjadualkan download yang besar seperti updates dan patches untuk computer)

Have you seen this bird?

The Cocos buff-banded rails are on the move and we need your help to find them.

The Cocos buff-banded rail is endemic to the Cocos Keeling Islands and is listed as an endangered species.

Once widespread throughout the islands, by 2000 it was only found in Pulu Keeling National Park.

In 2013 a small population was relocated from Pulu Keeling to Horsburgh Island as a means of ensuring the population's longevity.

The original population of 39 has grown to 120 and is independently expanding across the southern atoll. Rails have now been sighted on Direction and West Islands.

If you see a buff-banded rail please contact us and take note of the location. Take a photo if possible!

Geof's Bird's Nest

This is a Malaysian Edible nest Swiftlet. A tiny bird that catches tiny bugs while it flies. There was one outside Shamrocks recently and two at North Park on West Island. In Malaysia large houses are built for these birds to nest in, and after the chicks can fly the nests are harvested to make soup.

Because these bird houses have become so big some birds leave home and look for new territories to colonise, so now we are seeing them on Cocos.

To our lovely Cocos Community,

Thank you to everyone that we have met so far for your friendly smile and warm welcome. We feel blessed to have the opportunity living in such an unique community and become part of it.

What a wonderful beginning of our first week on the Islands to see the talents of the children, the hard work that Avril, Sally and school/other parents had put in and the amazing support from the community to make the Drama Night a success! We are certainly looking forward to the Cocos Olympics and many other wonderful events in the future.

We would like to say a big THANK YOU Sally and Digger and other kind people who volunteered their valuable time to clean up House 63 for us before we arrived at Cocos. We would also like to say thank you to Mr Denholm for showing our boys the school, to Jo and Rik for giving us their spare curtains and to Chubbz and Claire for the light bulbs.

Our boys definitely are starting to love this place. They feel safe, happy and free!

Special Member Jason ZAITON

The Australian Federal Police, Cocos (Keeling) Islands, warmly welcome into its ranks community member Jason ZAITON of Home Island. Jason commenced work with the AFP on 8 July 2015 following an extensive recruitment and security assessment process. The AFP will be gradually developing Jason's training and experience with the future intention of qualifying him in the exercise police powers.

On behalf of the local Cocos Islands police members, I would like to congratulate Jason on his appointment and look forward to his support and contribution towards the safety and security of the Cocos (Keeling) Islands community.

Sergeant Ian Whyte

OIC of Police

Australian Federal Police, Cocos (Keeling) Islands, ucapkan tahniah dan selamat datang kepada Jason Zaiton (Pak Norashifah) di badan Australian Federal Police. Jason mulai berkerja dengan AFP pada tanggal 8 July 2015 dan bagi pehak kami, kami harap Jason dapat memberi keselamatan dan lindungan yang baik bagi masyarakat Pulu Cocos. Kami akan terus berusaha untuk berkembang Jason di dalam training untuk masa akan datang dan dapat memenuhi syarat di dalam latihan kuasa Australian Federal Police. Terima Kasi.

Sergeant Ian Whyte

OIC Police Pulu Cocos

Income Tax Return Time!

Ina Vaskovic will be visiting Cocos (Keeling) Islands from 4th August to 15th August 2015

Ina will be on Island to prepare 2014 and earlier Tax Returns and attend to business clients at Cocos Beach Motel on West Island and House 61 on Home Island.

Ina's itinerary is as follows:

Home Island

Tuesday 4th August to Wednesday 12th August 2015

West Island

Thursday 13th August to Saturday 15th August 2015

Ina can be contacted on 0406 329 368 while on Island. If you wish to make an appointment prior to Ina's visit, please call Darling on 9162 6519.

Discounts Apply for pensioners and the unemployed. A checklist of the information we require to prepare your Income Tax Return is available at our website www.abbotsolutions.com.au under "Tools & Resources".

I look forward to seeing you!

Tips to help you live a healthier life.

1. Stretch! Morning is best for an energizing yoga-based workout that includes forward bends, reaching for the ceiling and push-ups. It helps focus the mind and provides an adrenaline boost.

2. Take 10,000 steps. Walking elevates your mood, challenges your heart (the best way to keep it fit) and can even help reduce food cravings.

3. Floss. Taking care of your teeth and gums is not only good for your mouth: Unloved gums can spread bacteria to the bloodstream and lead to inflammation and heart disease.

4. Not a fish fan? Get omega-3s from plants. The fatty acids found in cold-water fish like salmon, mackerel and herring help maintain optimal levels of HDL (good) cholesterol, and lower LDL ("bad") cholesterol. But if you're not a fish eater, pop an algae-based omega-3 supplement that contains the same omegas as fish oil.

5. Drink filtered tap water. Drink cold water—it quenches thirst, helps you feel full and keeps your body operating at full capacity.

6. Break your multivitamin in half. To get a steady supply of vitamins and minerals all day, take one-half of a multivitamin with breakfast and the other with dinner. Don't take them right before bed—the B vitamins can disrupt your sleep. If your multivitamin has less than 1,000 IU of vitamin D, take a D supplement as well—and read the label carefully to make sure it's D3, the most easily absorbed form.

7. Kick the sugar habit. White sugar and high-fructose corn syrup have almost no nutritional value, and over-consuming them increases your risk of obesity, heart disease and even depression.

8. Make television work for you. If you're going to flip on the TV, you should exercise while you watch. Eg walk on a treadmill while enjoying a TV show, but working out with light (three-pound) dumbbells or even walking in place is better than simply sitting.

9. Take a nap. Getting less than seven hours' sleep at night triggers higher levels of the stress hormone cortisol, which can lead to weight gain and depression.

10. Do Good! "One of the best ways to fight stress in your life is to do something good for someone else—an act of love or generosity."

11. Bonus! Get the Tests You Need. Give yourself an unusual present on your 50th birthday: a colonoscopy! It may just save your life.

Sudoku Station

How do I do it?

The object is to insert the numbers in the boxes to satisfy only one condition: each row, column and group of squares enclosed by the bold lines must contain the digits 1 through 9 exactly once.

The rules for different size and shape puzzles are pretty much identical. The different size puzzles simply require a different set of numbers.

	9						6	
	1		9				7	
2	6	5	7					
		6	4	3	7			5
8			2	9	1	4		
				9	7	5	2	
	7			4		1		
	3					9

Brain teaser Central!

A hen-and-a-half

If a hen-and-a-half lays an egg-and-a-half in a day-and-a-half, how many eggs do three hens lay in three days?

Answer: Three hens would lay six eggs in three days. i.e. Three hens would lay three eggs in a day and a half. When the amount of time is doubled the number of eggs is doubled too.
